Why do I know that the [stabbing of Derek Chauvin](#) in prison is 100% fake? Because he never killed George Floyd and that whole thing is a hoax. As you can read in this past [paper](#) I wrote.

Let me also clarify something: Derek Chauvin is **not even in prison**. He is laughing his butt off, somewhere on an undisclosed location. He is an actor and what we get is more **distraction, misdirection** and **fake news**.

Why? To keep you from real things that matter and waste your time with fabricated stories. The media is full of lies, as well as the 'alternative' controlled opposition media, like Zerohedge. They are all in on it. Here is all you need to know:

*"Chauvin was assaulted on Friday afternoon at Federal Correctional Institution, Tucson, Associated Press reported, citing an **anonymous** "person familiar with the matter." While **not naming names**,...[...]*

And so on... Anonymous person? Not naming names? What is this? Kindergarten?

Then the article gaslights you again by claiming that Floyd did not die of the knee on his neck from Chauvin, but because he was extremely high on drugs. See again my article on Tucker Carlson, gaslighting you about Floyd. They want to sell you that Floyd is dead. **He isn't**. Neither is Chauvin. And neither did Chauvin get stabbed. It's all **FAKE!**

**Both** Floyd and Chauvin are actors, who knew each other and who signed up to play this hoax on the masses. Don't fall for it.
